---

WORK EXPERIENCE

Configuration Technician   May 2023 - Nov 2023
eBryIT, Inc.   Wood Dale, IL
- Configured, troubleshooted, and repackaged an average of 120 Chromebooks daily, exceeding the company's daily quotas by 20%.
- Diagnosed and repaired over 50 school-issued Chromebooks.

Software Engineer Intern   Jun 2022 - Aug 2022
Scarlet Data Studio   Chicago, IL
- Worked on a team of 29 engineers and contributed three new features to Butterfly, a social matching application.
- Extracted interest data from community users, created a transformation to add interest data to user objects.
- Created an internal data processor to collect analytics about the matching engine.
- Designed and built a new offline pipeline to generate notifications.
- Integrated Pytest for functional unit testing, automated on each pull request via GitHub Actions.

Hospital Volunteer   Jul 2018 - Aug 2019
AMITA Health St. Alexius Medical Center   Hoffman Estates, IL
- Assisted medical staff with procurement of specimens, medications, and medical equipment.
- Discharged patients.
- Escorted patients and visitors throughout the hospital.

PROJECTS

QA Engineer, Backend Developer   Jan 2022 - May 2022
Books4U Online Textbook Marketplace   Chicago, IL

- Provides a platform for IIT students to buy and sell textbooks for 20% less than the retail price.
- Built upon the Django Python framework and utilizes HTML, CSS, Bootstrap, and JavaScript.
- Implemented a catalog that allows users to browse or search for textbooks based on author, title, ISBN, or price.
- Implemented a fraud reporting system that allows users to report fraudulent transactions.
